FIFTEEN KILLED.

Many Others Injured in a Powder Mill Explosion.

By Wire to THE TELEGRAM.

Ponton Lake, N. J. July 12—A terrific explosion occurred this morning in Laflin Rand Powder Company's Mill, supposed to have been caused by the blowing up of the boiler.

The mill has been working on large government orders for smokeless powder.

Over fifteen persons were killed and many were injured.

The place was guarded by five companies of the Third New Jersey volunteers.

An Interesting Visitor.

Mr. Hector McLean, of Harnett county, is in Raleigh. Mr. McLean is one of the famous twins of Harnett county. His brother, Hugh McLean and himself being the oldest twins in the United States. They were 88 years old in February last, and they are both in good health. They live together, their home being near Lillington. Neither of them have ever married, but they are perfectly contented with each other's companionship. Mr. Hector rode all the way through the country, 30 miles, yesterday and was walking around shaking hands with his friends yesterday afternoon. He said that he tried to get his brother to come with him, but he could not prevail on him to do so. They are among the most interesting characters in the State. They are men of highest character and have always been industrious and useful citizens.—News and Observer.

New Lumber Company.

Articles of incorporation were yesterday issued by the Secretary of State to the "Penn Lumber company, of Aberdeen, N. C." The principal place of business is Aberdeen and the following named are the incorporators, the capital stock being $25,000. R. A. Wagner, of Fracksville, Pa., Abner Scott, W. A. Marr, John P. Maurer, of Aberdeen; George Burchill, of Aberdeen.

Only 140, or $14,000 of the stock has been subscribed as yet, but the remainder will be sold so as to bring the amount of capital stock invested in the enterprise up to $25,000. Moore is a great lumber county and the new enterprise will doubtless prove to be a success, as all the other lumber companies in that section have turned out to be.—Raleigh Post.

A Shirt-Washing General.

I have seen a private letter from Gen. Gatacre to a friend in a high place, in which the general describes himself as perfectly happy in the Soudan. He had only one shirt to his back, which he washed for himself from time to time; he lived on tinned meat, and occupied a straw shelter without furniture and with nothing more than a blanket to cover him, but he was in rude health and the best spirits, and all his men were the same. —Allahabad Pioneer.

Third Regiment Complete.

The last company for the Third, or colored regiment, will go Fort Macon from Asheville on Wednesday. Commissions were issued yesterday to Captain Leatherwood and Lieutenants Brown and Taylor, who have a company with a full quota already examined. This company will complete the colored regiment.

Rev. Graham, a colored preacher of Winston, has been appointed chaplain of the regiment.—News-Observer.

To Launch the Farragut.

The torpedo boat destroyer, the Farragut, will soon be launched at San Francisco, says the News and Observer, and will be christened by Miss Bettie Ashe, a neice of Admiral Farragut. Miss Ashe is a daughter of Dr. Richard Porter Ashe, formerly of Wilmington, N. C., and is a first cousin of Capt. Samuel A. Ashe, of Raleigh.

Schley's Consolation to Cervera.

Correspondence of the Associated Press, Off Santiago de Cuba, Jnly 8—"If we could have gotten by the Brooklyn, and I believe we could," said Admiral Cervera to Commodore Schley and Captain "Bob" Evans in the cabin of the Iowa yesterday," we could have gotten away. My orders to concentrate fire on the Brooklyn were carried out, but your ship has a charmed life, sir," and the sad-faced admiral, with tears in his eyes, added: "My career is ended, I shall go back to Spain to be killed or die in disgrace."

Commodore Schley put out his hand and rested it on Cervera's shoulders. He speaks perfect Spanish and the liquid language flowed easily as he said: "Admiral, you are a brave man, and coming out as you did, in the face of a superior force, is but an exemplification of that bravery. Your country can but do you honor."

DOES IT MEAN SURRENDER?

Shafter Reports a Quiet Day Around Santiago.

WHAT MAY OR MAY NOT HAPPEN.

The Last Gap in the American Lines Filled By the Ohio and Illinois Troops.

By Wire to THE TELEGRAM.

At the Front, July 11, via Playa del Este, 12—The city of Santiago is today completely surrounded by the Americans and Cubans, the last gap having been filled by the Ohio and Illinois troops thus shutting off the last avenue of escape for the Spanish army.

The American line now extends from Ratero west to Harado Ladron. The bombardment was resumed this morning by the batteries and the fleet and was continued until one o'clock in the afternoon when General Shafter sent a message to the Spanish commander under a flag of truce, containing, it is believed a request for the surrender of the army and the city, but no reply has yet been received.

SHAFTER CABLES VERY QUIET.

Washington, July 12—Gen. Shafter cables the following to the officials here, which was probably written on yesterday:

Headquarters Fifth Army Corps—It has been very quiet here today and but little fighting has been done. A flag of truce has been up since two o'clock this afternoon. The Spaniards are considering the proposition for surrendering, now that I have the city surrounded on the north. The lines were completed by Ludlow at five o'clock this afternoon down to the bay. The line is rather thin but will be strengthened in the morning by Henry, who has just arrived at headquarters. There have been only a few casualties.

I expect to have two of the new batteries in position tomorrow. There is a great deal of suffering among the people who have gone out of Santiago. I am doing all in my power to relieve it but am not entirely successful. (Signed) Shafter.

DOES IT MEAN SURRENDER?

Washington, July 12—Gen. Shater's message, received here this morning, is taken by the officials of the war department to mean that Gen Toral is going to surrender. Under the flag of truce the city of Santiago has been invested on all sides. This is taken to mean that Gen. Toral, seeing that he cannot escape wants to surrender.

Secretary Alger expects to receive news of the surrender today. He says if this does not take place a grand assault will be arranged and will take place immediately.

Force of Habit.

"I was once speaking at a temperance meeting in Green Bay," says ex-Governor Peck, of Milwaukee, "and in the course of my remarks I looked about for some water.

"A mug had been placed beside me and how it could have happened at a temperance convention, I do not know, but it was a beer mug filled with water. Well, it was a warm day, and where there is convention food spread on a warm day there are likely to be flies. There were flies and one had lighted on the surface of the water in that mug. I saw him as I lifted it and did the most natural and human thing I could think of—blew him off the water. Well, they cheered for five minutes and to this day I don't suppose you can persuade a Green Bay man that anybody from Milwaukee can drink a glass of water, even at a temperance convention without first blowing off the foam."—Chicago News.

Just as a Starter.

The Philadelphia Record observes that "the administration has deemed it prudent to begin business in Hawaii by sending an armored cruiser with the flag—and a regiment of infantry with the cruiser. The e ar so many people in Hawaii who have not been consulted about the nuptials that it is well enough to make a gunpowder demonstration to begin with." Yes; it will be a very handsome beginning of the new family relation to slaughter a few of the children we have adopted, just as a starter, so to speak. - Charlotte Observer.

UNITED STATES DEMANDS.

The Conditions of Peace, as They are Understood in Madrid.

Madrid, July 11, 11 p. m.—It is asserted that the United States makes the following demands as conditions of peace:

First—The possession of Cuba and Porto Rico with a port in the Canaries. Second—An indemnity of £48,000,000 (about $240,000,000). Third—The retention of the Philippines as a guarantee of the payment of the indemnity.

These terms are regarded as impossible.

German Justice Reversed Himself.

When George F. Peck first became an attorney for the Santa Fe he went to a small town in western Kansas to argue a case that had been brought against the road for damages to several head of cattle that had been killed. The case was tried before a judge who was decidedly German. The witnesses were examined and the case gone through with, and the attorney for the prosecution arose and made a strong plea for conviction. He waxed eloquent and the judge paid close attention.

"Are you troo?" said the judge when the lawyer stopped.

"Yes, your honor."

"You vins de case," said the judge.

"But I want a chance to argue my side of the case," said Peck.

"No, he vins," stoutly asserted the judge. But Peck commenced to talk and gradually his talk led up to the case, and before the judge knew it Peck was arguing the defence. The judge listened closely and when Peck had finished, he said:

"You vin de case."

"But you have already decided in my favor," said the other lawyer.

'Dat's all right. I reverse by virst decision. Dis man vins," and the judge stuck to his last decision and Peck won his railroad case.

"Remember the Maine," is the voice of the devil's, declares a Danville divine. Well suppose you put it like the San Francisco Dutchman, who crid out to General Merritt's men: "Boys, don't you forgot dot ship."—Danville Register.

MATTERS IN THE PHILIPPINES.

The Danish Government Objects to Uncle Sam Using His Own Coal. Threatens to Shoot.

By Cable to THE TELEGRAM.

St. Thomas, July 12—An attempt has been made by the Danish government to prevent the Americans from using eight thousand tons of coal which is the property of the United States. Governor Aderman, the ruler of the islands, has notified Consul van Horn, of the United States, that the American coal in the harbor was contraband of war and its use by the Americans was contrary to the existing neutrality laws.

The governor further stated the use of the coal will be prevented by the Danish gunboat now lying in the harbor to which Consul Vanhorn replied that the Americans would remove the coal by force. Governor Aderman declared that he would call in warships from foreign powers to enforce the neutrality laws. The matter has been referred to the United States authorities in Washington.

IN THE PHILIPPINES.

Madrid, July 12—An official despatch from Iliijo says that Aguinaldo is patrolling the coast with a squadron of merchantmen. The despatch adds that two bands of insurgents have been defeated and that three of the leaders have been captured and shot. No further news has been received.

READY TO INTERCEDE.

London, July 12—The French minister at Del Casse has notifed Spanish Embassador Castillo at Paris that the French government is ready to tender the good offices of the French Embassador at Washington in opening negotiations for peace if the Madrid government consent.

TO PROTECT BRITISH INTERESTS.

Vancouver, July 12—The British warships Ampharon and Icarns have put to sea hurriedly to protect British subjects from, and also to prevent the holding up of ships for the purpose of looting, by Spanish privateers, which are said to be hidden near Dixon's entrance for the capture of Klondike treasurer ships.

ANOTHER PRIZE.

Key West, July 12—An American cruiser has just entered the harbor with a prize schooner in town which is supposed to be a British vessel captured while attemping to run the blockade.

FOR PEACE PROVIDED—

Madrid, July 12—The possibility of peace is being widely discussed today in political circles. The press will later state that Spain is prepared for peace provided it implies the loss of the island of Cuba only. Correa says he will no longer oppose peace negotiations providing the conditions are not too onerous.

The Cat Assayed $18.31.

Butte, Mon., July 11—An amusing mining story comes from the Mocking bird mine in the Warm Springs district. L. J. Rowens, who owns and works the mines, also owns a pet cat. This cat climbs up and down the shaft, through drifts, crosscuts, stopes and levels, and lives down there most of the time, being fed by the miners from the contents of their dinner pails.

A brilliant idea struck Rowen the other day. He took the cat into the ore house and washed the hair as clean to the skin as it could possibly be washed. Then he panned the dirty water to the highest percentage and the entire cat assayed $18.31 on an assayer's scales. It is doubtful if any mine in the Rocky mountains can assay better than $18.31 to cat.

A Case of Small-Pox.

Durham, N. C., July 11—Alex. Craig came here Saturday night from Reidsville sick. News came yesterday that he had been exposed to small-pox. Investigation by Dr. Manning, health officer, develops that he is afflicted with that dread disease. He has been taken three miles in the country to the county home, where a strict quarantine is established. Every precaution has been taken to prevent its spread and there is no danger.

Bryan to Join Lee.

Washington, July 11—William Jennings Bryan's regiment of Nebraska infantry today was ordered to join General Fitzhugh Lee's corps at Jacksonville.

SENOR SAGASTA RESIGNS.

He Advices the Appointment of a New Cabinet.

London, July 12—The Madrid correspondent of The Times, telegraphing Monday, says: Senor Sagasta went to the palace today and tendered his resignation and that of the cabinet. It is said that he advised the Queen Regent to appoint a new cabinet, largely consisting of the military element, which would not necessarily mean the adoption of a warlike policy, but probably the reverse.

"It is generally expected that the resignation will be accepted and may possibly be a partial reconstruction of the cabinet. The ministers are now in council, and Senor Sagasta has doubtless communicated to them an account of his audience with the Queen Regent."

KILLED AND WOUNDED.

Revised and Corrected Report of Shafter's Three Day's Losses.

Washington, July 11—Adjutant General Corbin today received from General Shafter a revised and corrected report on the casualties before Santiago on July 1st, 2nd and 3rd. It slightly increases the number of killed and wounded, as given in his first report, and is as follows:

Killed, 23 officers and 208 men; wounded 80 officers and 1,203 men; missing, 81. Total, 1,595. General Shafter is of the opinion that the number of missing will be reduced somewhat.

THE WORK OF CONGRESS.

The session of the United States congress which closed its labors last Friday was the most important held in the last third of a century. The various duties which confronted it were the gravest since the late civil war between the states. Its work, as has been remarked, will have a mighty influence on the future destinies of the country.

Whether for weal or woe, the annexation of Hawaii will mark a wide departure from our heretofore honored and cherished national policy—the policy founded and nourished by the founders of the government.

The war with Spain, however, overshadows everything else, and in dealing with it and the conditions incident thereto congress has confronted the most perplexing and knotty problems. To the proposition that Spanish butchery and tyranny in the island of Cuba must cease the American people responded with a loud and long and patriotic "aye."

But how long would it take our government to whip the Spaniards and how much would it cost in the coin of the realm and how many precious American lives would have to be sacrificed, were questions which perplexed the minds of all.

Nor have these questions been fully answered yet. From the first unanimous appropriation of $50,000,000 to the last the total sum appropriated by congress is about $900,000,000, of which enormous sum about one-half is for war expenditures. The war once declared, war measures had to be enacted. And it seems there is not much dispute as to the propriety of the measures enacted. They may be in the main, correct, legitimate and just.

Who shall say? The cost of maintaining a foreign war was unknown to the American people and to congress. Caution had to be exercised. The strength of our navy was untested and in doubt, and the success of the war largely depended upon it. Provision was made for the purchase and equipment of additional battleships. The number of land troops necessary to successfully prosecute the war was a disputed question.

Nearly all important measures which were not immediately connected with the war were looked upon as small matters and have been continued to the indefinite future. Taking all together and hurriedly summing it up the last session of congress was confronted by a stupendous and important task. How well and with what degree of wisdom and foresight these duties have been performed the future alone can show.

Comparisons may be, and often are, odious, but there is, perhaps no way by which a thing may be more clearly seen than by comparison. Compare then, the tender solicitude of the rough seamen and sailors of the burning steamer Delaware for the safety of the women and children on board, with the mad and frenzied conduct of the mob of sailors on the sinking French steamer La Bourgogne. The supreme unselfishness and gallant manhood of the Americans stand in clear cut and bold outline against a black and hideous background of selfishness and cowardice.

As a condition precedent to the sending of telegrams and express packages the Western Union Telegraph company and the Southern Express company require that all patrons must pay the war tax. The Georgia railroad commission takes the position that this amounts to an exaction of that much in addition to their usual rates, and the above named companies have been cited to appear and show cause why they should not be held to be guilty of such exactions in violation of the commission's rules.

The board of county commissioners acting as a board of equalization yesterday raised the value of property for taxation in this city $51,000, and the work, we are told, has only begun. There are, doubtless, people who, if rated in a commercial agency as worth only the amount they list for taxation, would feel that a great injustice had been done them. And there are others who pay tax on every cent they are worth. If all would list their property at two-thirds its cash value the rate of taxation would be materially reduced and the burden would be evenly distributed.

General News in a Nutshell.

Herr Harden's Zukunft, which paper has been comparatively inoffensive for some time past, has been again confiscated. Its offense lay in an article entitled "Poodle Majesty," which makes the publication of a book in honor of the tenth anniversary of the Emperor's accession and the reception of the author and the publisher by His Majesty the theme of mockery.

Librarian F. M. Crumden, of the St. Louis public library, reports a growth of 78,341 volumes in the circulation of that institutation during the past year; and this increase he attributes to the establishment of delivery stations in various parts of the city. The total circulation was 551,059 volumes out of a stock of 184,720—in other words, each book was read by an average of three persons.

A correspondent of the Straits Times calls attention to the torturing of Kling women for religious purposes in the streets of Singapore. "Yesterday," he writes, "a number of Kling women marched from the temple in Serangoon road to the temple in Tank road, with lances thrust through their tongues, lips and checks, the tongues being thrust out. Men accompanied them to throw water in their faces. One woman was so exhausted that a bucket of water had to be thrown over her before she could proceed. Surely the police have to bestir themselves to exclude such barbarities from the public streets."

The unprepared condition in which Governor Leely, of Kansas, turned his troops over to the government has become a subject of ridicule even on the stage in San Francisco. The other night a delegation of Kansas volunteers attended a play in which was a court scene. A very ragged jury filed in and the judge, looking them over from head to foot with a critical air, presently asked: "Where did you come from?" "From Kansas," responded the foreman. The gibe brought down the house; but the soldiers did not take it kindly and left the theatre in disgust.

A four-hundred-pound bear walked into a barn-yard in Proebstel, Wash., and carried off a live calf. The citizens organized a posse and after a long chase captured bruin, who had hugged the calf to death

Because the sexton of the Methodist church in Kennebunksport, Me., refused to let a crowd of men and boys ring the bell on the Fourth of July, they assaulted him, smashed the windows, tore down the fences, and beat the policeman who tried to stop them.

The Rev. W. A. Van Gundy, of Hutchinson, Ill., led his 5-year-old boy to the reformatory school by a leather strap, one end of which was tied around the boy's neck. After the boy had been placed in the school the father returned to his church and conducted the usual service.

What is known in the Hood River Valley, Or., as the Big Ditch, cost $28,000 and this year's crop of strawberries, blackberries, and other fruit in the valley will bring enough money to pay for it. It was constructed for the benefit of fruit growers, who are enabled thereby to get their products to market in greater bulk.

Walking on Tip-toes.

London, July 11—The Rome correspondent of the Daily Mail, recording the interchange of telegrams between the Vatican and Madrid, with a view of urging the Queen Regent in the direction of peace, says: "The action of the Vatican has been very cautious in order to avoid displeasing the United States."

What is Worse Than Eczema?

NOT TO BE ABLE TO GET

Mrs. Joe Person's Remedy.

Last fall I was a severe sufferer from eczema, which effected my face, hands and feet—it was a dry eczema, which would form scales and rough hands, and dry places, which could be cut off as if it were a corn. It was very annoying, especially on my feet. I tried everything I heard of, but nothing eradicated it from my system until at the earnest solicitation of friends, I tried Mrs. Joe Person's Remedy. I got one-half dozen bottles last spring; am now taking it and am almost entirely cured of the trouble; think it will only be necessary to use a few more bottles before I will be entirely well. The trouble effected my general health and I was fearfully run down, but since taking the Remedy am now perfectly well in health.

Stolen Bank Bills.

Montreal, Quebec, July 11—The Montreal police have in charge a prisoner whose arrest they believe will lead to the discovery of the robber who sometime ago broke into the bank at Napanee, Ont., and stole a large amount of money and securities, including $1500 in unsigned ten-dollar bills of the Dominion bank.

A detective arrested yesterday at St. Thomas De Montagny, a small place below this city, a French-Canadian woman, who has lived for a number of years in the States, for circulating the bills were found on her and she had circulated quite a number at Montreal and other places.

The police believe that she is only the tool of the gang who sent her over from the States to Canada to pass the bills. The detectives expect to secure information from her that will lead to the arrest of the thieves.

How He Got It.

Captain Evans received the popular nickname "Fighting Bob" when he sent the now famous message to the Chilean authorities: "If you don't obey my orders I'll make Hell smell of garlic." Doubtless the Spanish prisoners captured after the destruction of Cervera's fleet believe Captain Evans capable of carrying out his threat.—Times Visitor.

How Can These Thinge Be?

In all kindness to all concerned, and with no malice in our heart, we ask, how can Col. Dockery, or any other man, represent both a gold bug and free silver people in the United States Congress? We ask it because he is the nominee of both elements, and as such, we feel it our duty to do everything in our power to defeat his election. If he can conscientiously accept these nominations, surely there are enough sober, calm, quiet, thinking people unbiased by party ties, to relegate the Colonel to his quiet home. He has sucked the official teat dry, and has been outstripped every time in recent races, and in this last, longing, desperate, reckless, dying struggle for government pap he will again be defeated. The Colonel has had his day. For a long time he fought for republicanism. Two years ago he fought republicanism, and now he proposes to fight for republicanism and populism. What next? We ask again, how can these things be? Does he expect the white people of the Sixth Congressional district to send him to Congress? Can he do it? Never, no, never! If he gets there it must be through negro influence—an influence he failed to wield two years ago. Dr. Norment is a straight republican candidate who does not propose to represent democrats or populists, and should he continue in the race, will greatly damage the Colonel's chances for election. With both in the field, it will make an easy victory for the democratic candidate. "So mote it be."—Rockingham Rocket.

Once his sight was regained and he saw the ocean for a moment and then the light went out forever.

Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Dorrance, Providence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, the frequent attacks completely prostrated me and rendering me unfit for my duties at this hotel. About two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by C. E. Holton.

Mr. R. B. For past three years has been attending to business, and says Dr. King's New Discovesy is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for coughs, colds and consumption. It don't fail. Trial bottles free at C. E. Holton's drug store.

Blood Brains Money

A sick man can't make money That's because his brain wont work. A horse wont do work unless he is properly fed. Neither will a brain. If the brain is not kept in good condition with pure, rich blood, it wont produce much.

Men who fail, and men who don't, often have what they call "Nervous Prostration." Nine times in ten the nervous trouble is purely secondary. The real sickness is in their digestion and in their blood. If a man keeps his digestion in good order, and keeps his body full of pure, rich blood, he is never going to be very sick.

Johnston's Sarsaparilla is made for people who want to get well and stay well. Sarsaparilla is a simple, "grandmother" remedy, but it cures. It purifies and enriches the blood and sends it tingling to every part of the body. That is the way it cures all ailments of the brain and nerves—cures insomnia—cures dyspepsia, rheumatism, scrofula, and every other blood disease. It clears the complexion, plumps out the cheeks, and brings back the sparkle to lifeless eyes.

One Dollar is the price, and One thousand Dollars is the health-giving value of every Quart Bottle of **Johnston's Sarsaparilla**

Equal to Any, Superior to Many, and for the price that we sell it, inferior to none.

In fact, our customers tell us that the quality of silk is better, the patterns newer and neater, and the shapes excel any other make that they have ever used.

We have been convinced of this all all along, and since our trade upholds us, we continue to handle this very superior line, getting instalments of fresh goods monthly and thereby being able to show you the latest effects as they come from the looms.

We are Exclusive Agents for this Famous Make

BRIEF LOCAL MATTERS.

Miss Blanche Boyles went to Trinity today.

Rev. S. D. Stamey, of Guilford College, was here this afternoon.

Garden peas, also a new lot of shredded whole wheat biscuits advertised today by Lindau.

Ned Pegram, of Durham, went to Trinity today, after spending several days here with Marvin Carr.

Major B. F. Dixon, of the Second Regiment, passed through today returning to Raleigh from Asheville.

The Guilford Lumber Co. are having the front of their factory repainted and a new sign painted thereon.

B. A. Phillips, a merchan of Harper's X Roads, accompanied by his little son, was in the city this morning.

If you haven't got it, Fariss has it. Read his new ads in this paper today He explains the tale your skin tells on you.

Three men from the Asheville company, second regiment, passed through last evening enroute to Salisbury to hunt deserters from their company.

They bank on the verdict of their customers and talk boldly in their ad about the superior quality of their neckwear—Matthews, Chisholm & Stround.

This weather may be properly termed the long cold spell in July. It is unusual for this season of the year to sleep under blankets in this section of the country.

We are grateful to learn that Mrs. Walter Williams is convalescing. Mr. Williams, we regret to state, however, is confined to his bed and is believed to be taking fever.

Messrs. Clary & Stack have removed from South Elm street to West Market street, opposite steam laundry. We take pleasure in directing your attention to their new ad in this paper.

A large number of the friends of Rev. Thomas Hodgin, a former citizen of Greensboro, listened to two excellent sermons from him in this city on last Sunday, in the morning at the Friends' church, and in the evening at Centenary.

"Waiting for Thee" sang a citizen of South Greensboro as he looked at the hill on South Elm at its junction with Lee and thought of Brother Sam Browne and his street force He will probably change the words of the song so it can be sung in long metre.

Col. A. B. Andrews first vice-president and W. W. Finley third vice-president of the Southern came in on a private car attached to the vestibule this morning and left immediately for Raleigh on a special train. They were joined here by Supt. O'Brien and his stenographer.

The sidewalk in front of the new bar room on the corner of South Elm and Fayetteville streets, to which attention has been called a time or two, should be at once repaired. It is hard enough to get through the drunken crowds which linger around these places near the depot on Saturday nights when the walks are good.

The body of Private Barnet Raper, whose death was noted in yesterday's Telegram, passed through last night enroute to his former home in Waynesville. The remains were escorted by a sergeant and two privates of Raper's company. Raper was a member of Company H, second regiment. He died at Raleigh Sunday afternoon.

Pity the Wife.

The following is an extract from a letter from a youth on board the Boston: "When we just got word to stop firing on our gun, Mr. Robinson came along and said, 'Let me give her just one kiss for my wife.' The gun was already loaded, he sighted it quick; the shot hit a gunboat and carried away the whole of the bow. I pity Mr. Robinson's wife if that's the way he kisses her."

Judge Eller Better Today.

We are pleased to state that Judge W. H. Eller, who was taken so violently ill at his office yesterday afternoon, is much improved today. He is still suffering a great deal with headache but this is thought to be caused by the opiates administered yesterday. His many friends hope to see him out again in a few days.

A charming and popular young saleslady was kept from her supper one night recently until dark by the absence of the proprietor, and when he returned a gentleman was asked to accompany the lady to her home which he did. It was a round about way they went and when the young lady was safe under her father's roof the gentleman started back up town, as he thought. He walked and walked and tramped and tramped, only to merge from one strange street into another until at last growing weary and almost exhausted he asked some one for directions how to reach the business part of Greensboro. He then found that he had walked nearly around the city. The Prowler was asked not to say any thing about it and of course he must keep his promise. It is nobody's business anyway, what caused him to lose his way. It might have been something the young lady said, or, indeed something she did not say. Or, he might have been thinking of purely business matters, or his mind may have been away back in the past. I hold that it is nobody's business where his mind was. He had been home with a young lady—had discharged his duty, and I make bold to say after that he had a right to go to—Cuba or anywhere else he wanted to.

Things "That Pass in The Night."

Several trains of artillery, horses and provisions passed through last night and this morning. One troop train carrying three hundred and twenty-five artillerymen passed during the night. The men and munitions were from Fort Myers enroute to Tampa and will go with the Porto Rican expedition when it sails. Each train consisted of three cars of artillery, five cars of horses or mules and three cars of provisions. The rifles were of the 3.2 inch kind.

Our baby has been continually troubled with colic and cholera infantum since his birth, and all that we could do for him did not seem to give more than temporary relief, until we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. Since giving that remedy he has not been troubled. We want to give you this testimonial as an evidence of our gratitude, not that you need it to advertise your meritorious remedy.—G. M. Law, Keokuk Iowa. For sale by C. E. Holton.
